GUERREOTYPES,

Over the store of Duvall & Bro., between 41 and 6th streets, Pennsylvania avenue.

This establishment possesses many advantages over others in this city, being built expressly for Daguerrean purposes. It counts one of the finest skylights in this country, sudibest arranged; for which reason artists prefer Daguerreolypes taken at this establishment above.

There are a second of the country of the count all others.

There are now on exhibition some of the largest Daguerre otypes in the world, taken at this establishment, with a large collection of others, free to the public at all hours of

the day.

wanted for Popular and Useful Books just published.—
CALIFORNYA JLLUSTRATED, including a description of
the Panama and Nicaragua routoc, with 48 superb Tinted
Lithographs, 324 pages, 8vo.; price \$2. This work, by J. M.
Letts, has been adjudged by the unanimous voice of the
press to be the most elaborate, practical, and intensely interesting volume that has yet been written upon this golden
theme. Since the publication of Stevens's Journal of
Travels, no work has appeared that has created such a
thrilling sensation. It is pre-eminently practical, and is interspersed with incidents of the most amusing character.
In the language of one of the city editorials, "it is a perfect dagetereotype of California, taken by the light of a
noonday sun." Also, Dr. Beach's great work on Medicine,
THE AMERICAN PRACTICE AND FAMILY PHYSICIAN, 800 pages, 200 engravings, 8vo., sheep: price \$5. Dr.
Beach is at the head of the celectic practice in this country.
Such was the demand, that eighteen thousand copies of this
work were printed in one edition. Also, Dr. C. D. Hemmond's work on the same principles of practice, MEDICAL
INFORMATION FOR THE MILLION, or TRUE GUIDE
TO HEALTH, 12mo., cloth, 528 pages; price \$1.50 cloth, \$1
paper cavers; fourth thousand. Also, WOMAN IN HER
VARIOUS RELATIONS—containing practical rules for
American females, for their conduct in the detail of every
domestic duty; royal 18mo., red cloth, illustrated; 324
pages; price \$3 cents. This work should be in the hands of
every lady, especially the young. Such is its popularity
that nearly three thousand copies have been sold in the regiou of New York alone within a very few months. Also, a
new and very useful article of Stationery for the preservation of valuable papers, &c., needed for reference, such as
letters, invoices, &c. Its form is that of a scrap-book, with

KRAUSER'S PATENT CLOVER-SEED HAR-

BEFORE THE PUBLIC FOR THE FIRST TIME IS BEFORE THE PUBLIC FOR THE FIRST TIME!

I The utility is beyond comparison with any other farming implement now in use. It takes the seed from the field, leaving the strew or grass all standing. It weighs two hundred and fifty pounds, is drawn by one horse, and gathers from ten to twelve acres per day. The fingers, or teeth, cutch all the heads, the revolving knives cut them off and throw them back into the box, which will cross a twenty-acre field without emptying. The heads are then leaded into a wagon and taken directly be the mill for cleaning, thus diminishing the labor three-fourths, and saving all the seed. This machine comes so low that every farmer will have it, and pays the manufacturer 390 per cent.

E. WHEELER, Agent for Washington.

CROSS KEYS, WASHINGTON TOWNSHIP, CAMDEN CO., N. J.,

We, the undersigned, do certify that we have seen Mr.

Krauser's Patent Clover Harvester in operation, and it has
given perfect satisfaction. It has gathered many of the
farmers' clover in this neighborhood—It is all that Mr. Krauser and his bills represent it to be. The farmers have given
one-half for gathering and threshing.

JAMES D. TIMERRMAN,
WILLIAM P. GARWOOD,
WM. C. NICHOLSON,
JAMES B. COOK,
JAMES B. COOK,
JAMES B. COOK,

JAMES COLLINS, CHARLES LEWIS, THOMAS TUMBLESON,

Long-a-Coming, October 7, 1851.

This is to certify that Mr. G. J. Naylor has gathered clover off of a sixteen-acre field of mine, which has been pastured two months with ten head of cattle, and it produced six bushels and a half and one pock of seed. I gave him two-thirds for gathering and cleaning. I think his machine is first-rate, and answers all the purpose that is intended.

NEHEMIAH NICHOLSON.

The following points out the profitable nature of the Harvester:

KRAUSER'S PATENT CLOVER-SEED HARVESTER. We have conversed with a number of Farmers, and they are of opinion that there are at least 3,000 acres in each township in Camden or Gloucester county, New Jersey. Admitting there are but 1,000, it is said that each acre will yield from 134 to 3 bushels. Reducing it to a certainty of yielding but 1 bushel per acre, what will it cost to gather and thresh

Cost of harvesting, &c., 1,000 acres.....

have found them to agree unanimously with the above calculation.

Perhaps so invention offers greater inducements for a
profitable investment than the Harvester. For an enterprising young man, of good business habits, a large sum of
money could without doubt be realized from the sale of
rights in the different States of the Union not yet disposed
of. By calling at this office, it can be demonstrated satisfactorily that men of moderate capital could not choose a better
or more money-paying beriness.

These who wish to see a model of this celebrated farming
implement, and the satisfactory manner in which it operates,
can do so by calling at

READ AND BE WISE!

THE celebrated German and Indiau Physicians—Doctors Brothers & Gray—have established a permanent Medical Office in this city, after having travelled the world over in search of knowledge; and, having spent seven years among the Indians for the purpose of getting a therough knowledge of botany, they flatter themselves qualified to alleviate and cure all complaints to which the human family are subject. We flatter curselves that, without asking a question, we will tell all who favor us with a call their complaints and symptome, and guaranty an easy and speedy cure. A decided advantage we have over other Medical men is in the manner we determine the nature and location of the disease, which is by the urine. We require at least two ounces of the first in the merning. The many facilities afforded us by hospital and private practice, in this and foreign countries, warrant us in assuring those who are suffering from private diseases that our treatment is attended with unusually favorable results. Therefore, let no false modesty deter you from making your case known to one who will befriend you. All disease of the genital organs, whether of recent or long standing, such as gonorrhoes, sphills, glosel, strictures, urinary affectione, ulcers upon the body, or in the throat and nose, we treat with that success which few Physicians in the world are capable of. Those who apply in the early stages of the disease are surprised at the little inconvenience and repidity attending their cure, and those who have suffered from quacks and their mineral poisons will be warranted a permanent cure without mercury. thout mercury.

"Life of the Lowly." By W. L. G. Smrm, esquire.

The object of the author is to represent the condition of the slave in his rade but comfortable Cabin, his daily occupations and pastimes, the relations between master and slave, the mistaken inpulses and misconceived views of the Northern philanthropist, &c. &c. and to represent the passions and sentiments in their natural forms, as the same are displayed in the humblest let in human society, thus showing that, in the case of the slave at least, contentment bestows more happiness than freedom; and at the same time to represent, as it is, a class of people, vis: the Planter, to whom justice has soldom been done, and whose character, as exhibited in every-day life, is well calculated to win the amiable judgment of the world.

COME, LET US REASON TOGETHER." ORAL TESTIMONY.

THOUSANDS feel it a duty to talk to their afflicted friends of the benefit derived from HAMPTON'S VEGETABLE-TINCTURE. From day to day we have given the certificates of cures performed on our best-known citizens, and still we have a perfect avalanche of letters pouring in upon us—all, all giving a weight of testimony that must convince the most skeptical. All are invited to call and read for themselves. The letter below is from one of the first mercantile firms. To those who know them, it must carry conviction, and induce many sufferers to give this Tincture a trial:

Since it was first tried it has sold without an effort, and we have not seen the first person who has not been greatly benefited by its use. A gentlemen of our neighborhood was induced to try the "Tincture" for a violent palpitation of the heart. He had suffered so much from it that he said he had prayed for death. By had taken but three doses when he assured us he would not take five hundred dollars for the benefit he had derived, and that he should never cases to remember us with rived, and that he should never cease to remember us with gratitude for calling his attention to so valuable a medicine. Yours, truly, GRAY & PENDLETON.

Mexers. Mortimer & Mowbray: Gentlemen: It is with real pleasure that I am able to attest to the general healing and curative powers of Dr. Hampton's Vegetable Tincture. Sometime during last November I was taken with a very bad and serious cough. I was advised to take Cod Liver Oil, and did so; but getting no better, I was induced to try your Tincture. I got one bottle, and before I had used it all my cough left me. Permit me also to state that, for the last fifteen years, I have suffered very much from Acute Rheumatian and Vertigo, confluing me at times to my bed. I am fully convinced that I owe my present good health to the use of the Tincture, and a kind Providence.

You are, my friends, at ilberty to use this as you may think proper; and believe me, yours, very respectfully.

Getting better of this, lost November I took a deep cold, which led to what my physician teld me I took a deep cold, which lod to what my physician told me was billious pleurisy, which left me with a constant, deeply-scated, and painful cough, having ne rest day or night, and constantly throwing up from my lungs a thick matter. I became much emaclated, growing weaker every day, and keeping my bed the greater part of the time. My friends thought I had the consumption, and at times I was also of the same opinion. At this stage of my disease, after having tried many and various remedies, without success, a friend advised me, to try DR. HAMPTON'S VEGETABLE TINC-TURE, and procured me a bottle, which I now premounce the greatest medicine I swer took. Before I had taken half the greatest modicine I ever took. Before I had taken half the contents of one bottle I fall much improved; and now, having taken but two bottles, my cough and point have cattrictly left me, and I am enabled to attend to business. Georgerows, August 16-12 m. The temperance festival at Langley, in Fairfax county, on Saturday, was truly a grand affair. There were present not less than seven or eight hundred ladies and gentlemen. A sumptuous dinner was prepared, to which all present were invited free of charge. During the day number of very interesting addresses were delivered by Rev. Mr. Cox, of our town, Gen. Savage, of your city, and others. The beautiful banner heretofore noticed by us was presented by Mrs. Langdon, on the part of the ladies, in an address eley-entrance on aux 4-colm* which was alike chaste, appropriate, and encouraging, and was received by the Worthy Patriarch of Langley division, on the part of the Sons, in an address no less appropriate than that of Mrs. Langdon. The occasion was one of deep interest, and will long be remembered by those present. The following little incident which occurred we cannot omit noticing. While the dinner was going on, a number of young gentlemen, who had been indulging too freely in the ardent, were seen loitering about the ground. To show them that the temperance cause was one of real mercy to the drunkard, the Sons went after them and pressed them to the table also. We have no doubt they returned home with a more exalted opinion of temperance and its advocates than they ever had before. A cordial reception and

real Old Virginia hospitality were extended to Of all the establishments which have been started in our town for several years, none have been of more real, substantial benefit to us than that of Mr. Vanderwerken-the Union line of omnibuses. In addition to furnishing the citizens of the District, and others, the very best travelling accommodation that could be asked for, with sober, gentlemanly, and accommodating drivers, at a fare which is very reasonable, he gives regular employment to over fifty hands, and expends about \$60,000 per annum in supporting the line-most of which is immediately spent with our merchants and others.

Outrageous Conduct .- A number of ruffians from your city went to the colored people's camp meeting, (which is being held on the land of Mr. Pierce, near our town,) yesterday, and, after destroying much of their provision, and acting in the most shameful manner in other respects, beat several colored men in the most cruel manner, cutting their heads and faces with sticks, stones, &c. Captain Goddard was sent for, who soon appeared on the ground with a posse. He succeeded in arresting four of the ringleaders of the party, and in restoring order. The concourse of people on the ground throughout the day yesterday was immense. The Rev. Mr. Dice preached in the morning at 11 o'clock, the Rev. John A. Collins at 3 o'clock p. m., and the Rev. Mr. Bryson at 8 o'clock at night.
